

The Fisherman and the Kingfisher

1 The fisherman looked with satisfaction over his new gear. He'd never been successful before – he had never even caught a fish – but that was probably because he was using old fishing gear.

As he cast his first line, a flash of brilliant blue caught his eye. It was a kingfisher. Well, the kingfisher would go hungry today.

5 All afternoon, the fisherman busily cast his line. All afternoon, the kingfisher sits patiently, watching the fisherman disturbing the water.

10 Eventually the disappointed fisherman packed away _____ gear and the water became still. Suddenly, the patient kingfisher dived into the water speared a fish and flew away, across the path of the flabbergasted fisherman.
