## Learning Project- to be completed throughout the week: United Kingdom

Your child should use their prior knowledge of our previous topic: United Kingdom. In this learning project, they will find out more about the landmarks and history of the 4 countries and discover further information that they did not know. It is important that your child explores all of the 4 countries within the United Kingdom.

Landmarks:  
Your child should recall what landmarks they already know about that are in the 4 countries, sketch them and write their names. They should then research other famous landmarks within the countries. They could create using their imagination a new landmark for each of the 4 countries.

Capital cities:  
Within this topic taught in school, your child learned all of the 4 capital cities in the United Kingdom. They should be able to recall these and locate them on the interactive map on the link given:  
<https://www.bbc.co.uk/bitesize/topics/zyhp34j/articles/z4v3jlv>

Flags:  
Throughout the topic, your child was shown the flags of each country within the United Kingdom. Your child should draw the flags shown below and verbally label them. The children should write the name of the country (England, Scotland, Wales and Northern Ireland) next to each flag.
