

## Year 4 Half Term Project

As this week is half-term, the school will not be producing the usual home learning packs and instead pupils are invited to complete some creative, fun projects at home.

This week, the Year 4 teachers would like you to test out your creative side and create fun pieces of art. To do this, you have to first choose an item in your household which is **safe** for you to hold; it can be any colour, any shape, any size (but not too big!). **You must ask your parents first if you can use the item you have chosen!** You'll have to be imaginative and think about how the item can be used in a drawing as the key feature. Have a look at the pictures below for guidance. If you want to research more examples, google [Javier Perez](#) who is the artist that created these images.

### Challenge – Easy Peasy Lemon Squeezy

If you want to test out your artistic skills even further, have a go at creating a portrait of anything you like using mainly fruit and vegetables. Think about the colour and the texture of the items and how this could be used for a face or body. **You must ask your parents first if you can use the items you have chosen.** Once you have created your “masterpeas”, show it to your family. Then wash, eat and repeat!
